8 May 1985

MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM:

[REDACTED]
Chairman, Scientific and Technical
Intelligence Committee

25X1

SUBJECT: Request for Travel Funds

REFERENCE: Support for the Computer Microelectronics
Bilateral Conference, STIC Memorandum
dated 29 April 1985

1. A few days ago, in the referenced memorandum, I told you that we had sent to you a memorandum for ad hoc travel support for the STIC and the WSSIC and that the memorandum was lost in route to your office. That memorandum has now surfaced; it was on Eloise Page's desk for 1 1/2 months. I have attached to this memorandum the original memorandum and supporting material along with Ms. Page's and [REDACTED] notes. [REDACTED]

25X1
25X1

2. It is clear from the notes that we all have been operating under some misunderstandings. When you authorized funds for us in the 1984 budget, [REDACTED] the Chairman of STIC at that time, understood that a funding line would be included in all future budgets. We, of course, found that that was not the case and then wrote the attached memorandum to you. When we wrote the original memorandum, we felt that it would be logical to have the IC Staff administer the funds; we did not mean to imply that these funds should come from the IC Staff budget. [REDACTED]

25X1

25X1

3. I strongly believe that parent organizations should fund their employee's participation in Community affairs. However, experience has shown that emergency travel fund situations appear every year. We at STIC and WSSIC strongly

25X1

CONFIDENTIAL

SUBJECT: Request for Travel Funds

believe that a separate source of funds for emergency travel is necessary. These funds would be used for analyst travel to working group meetings and perhaps more importantly, travel to industry and R&D community facilities and STIC/WSSIC sponsored technical symposia. These funds were used in the past only in situations where the parent organizations clearly would not fund participation in STIC or WSSIC activities where we felt participation was necessary. We request that you authorize the funds in the attached memorandum and direct that a budget line for ad hoc STIC and WSSIC travel be included in all future budgets.

MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM: [redacted] Chairman
Scientific and Technical Intelligence
Committee (STIC)

25X1

FROM: [redacted] Chairman
Weapons and Space Systems Intelligence
Committee (WSSIC)

25X1

SUBJECT: Request for Funds [redacted]

25X1

REFERENCE: 12 August 1982 Request for Funds, 4 October
1982 DCI Response (Attached)

1. Last year funds were provided for use by several DCI committees that would otherwise lack funding for special travel requirements and other functions. STIC and the WSSIC used this fund several times to support activities that otherwise would not have full Community support. [redacted]

25X1

STIC

2. DCI travel funding allowed [redacted]

25X1

25X1

These assessments could not have been written without funding support. Also, eight of our Committee members were able to travel on the science and technologies briefing and demonstration tour of the National Bureau of Standards in Boulder, Colorado [redacted]

25X1

3. For FY85, several of our working groups have already asked for assistance. The Structural Materials Working Group

25X1

SECRET

SECRET

SUBJECT: Request for Funds [REDACTED]

25X1

must meet to draft a ceramics technology paper and collection guide. The Enigmas Working Group is doing an Intelligence Community survey which requires several meetings away from the Washington area and a tour of laboratory facilities in California. Our Low Observable Working Group needs to meet to complete our Soviet Low Observables Technology Assessment. A number of working group members have already told us that departmental travel funds are either very low or used up. They believe that they will not be able to participate in STIC activities without DCI support. In addition, two bilateral conferences (one on technology forecasting and one on computers and microelectronics) will require funding support to be completely successful. [REDACTED]

25X1

WSSIC

4. During the past year the WSSIC requested funds on several occasions. Specifically, funds were needed to send three key members to a special meeting [REDACTED] to discuss several time-critical issues for support to the NIO/SP. The funds were necessary a second time when the WSSIC briefed at HQ SAC on the results of our study on Mobile Missiles (briefed MG Doyle and at a special DoD conference on detecting and targeting mobile missiles). Without this funding it would have been impossible to send WSSIC representatives to the [REDACTED]. The purpose of these yearly panel meetings is to exchange information on significant developments and problems in the weapons and space systems area and to schedule WSSIC sponsored [REDACTED]

12 August 1982

MEMORANDUM FOR: Director of Central Intelligence

FROM : Chairman, JAEIC
Chairman, STIC
Chairman, WSSIC

ATTENTION : Deputy Director of Central Intelligence

SUBJECT : Request for Travel Funds []

25X1

1. Action Requested. That you approve a budget item for 1984 of [] to cover travel expenses for your Intelligence Production Committees on Joint Atomic Energy (JAEIC), Science and Technology (STIC), and Weapon and Space Systems (WSSIC). []

25X1

25X1

2. Background. Some members of JAEIC, STIC, and WSSIC subcommittees and working groups are having increasing difficulty in obtaining travel funds to attend regularly scheduled meetings in Washington. Some members of WSSIC are having the same problem in obtaining funds to attend committee-sponsored [] working parties. And, in our judgment, the effectiveness of committee operations and the quality of the products would be enhanced by periodic visits to appropriate facilities engaged in scientific research and development of weapons. []

25X1

25X1

3. These committees have never had travel funds of their own. Travel has historically been funded by the individual member's agency. As travel funds become increasingly scarce, different members of the Intelligence Community must give different priorities to supporting the DCI's production committees. This makes it increasingly difficult for the committees and their working groups to perform to their maximum effectiveness. []

25X1

4. If the committees had their own source of travel funds, these problems could be alleviated. Because of the relatively small amounts of money required by each committee, it would be cost effective to combine the amounts for all three committees. The combined total should be a line item in the 1984 budget.

25X1

SECRET

SECRET

SUBJECT: Request for Travel Funds

25X1

5. Recommendation. We recommend that you authorize a separate line item in the FY 1984 budget for funding the activities stated in Paragraph 2. We estimate the total cost to be approximately . The WSSIC is expected to utilize the larger portion of these funds because of its greater size and involvement in conferences. The funds would be administered by the Intelligence Community Staff.

MEMORANDUM FOR: Chairman, JAEIC
Chairman, STIC
Chairman, WSSIC

FROM: Acting Director of Central Intelligence

SUBJECT: Request for Travel Funds [redacted]

25X1

REFERENCE: Your memorandum, dated 12 August 1982, subject: same
as above

While I believe that your proposal to create a separate travel fund has merit, I think it inappropriate to establish [redacted] as requested. As a general rule the travel funds for the members of the subcommittees and working groups should continue to be budgeted by their parent organizations. In recognition of the fact that members from agencies other than CIA may have difficulty in obtaining the necessary funding for travel needed to support the Director's Production Committees, especially near the end of the fiscal year when travel funds are particularly tight, I have asked the Intelligence Community Staff to include [redacted] in their FY 1984 budget request to satisfy such Community requirements. NOTE FOR:

[Redacted]

C/DCI/B&F

STAT

SUBJECT: Funding for Production Committee Travel

The IC Staff Charter specifies our mission as one of Community coordination with no intelligence production activity. As a result, the IC Staff budget contains no funds for travel by any of the production committees. For this reason, I cannot support IC Staff budgetting for production committee travel.

The funding provided in 1984 was a one-time exception directed by the DDCI.

STAT

[Redacted]

INTELLIGENCE COMMUNITY STAFF

2/19/85

mb
2/25 J

EXO/ICS

Attached is a plea from the STIC and WSSIC for travel funds. The ICStaff provided funds in FY1984 of [] for both STIC and WSSIC at the DDCI's request. STAT

The ICStaffs' FY1985 budget did not include funds for these two DCI Committees. As These are Production Committees, is it proper for the ICStaff to be funding for this type travel? Our Charter is strictly as Community Coordinating function and should not be involved in production activity. The DDCI's memo to these committees indicated travel funds for these subcommittees and working groups should continue to be budgeted by their parent organizations and that the FY84 funds would be available for those organizations that are having funding difficulties toward the end of the FY. It would seem that two budget cycles have passed since the original request and that those organizations would have included sufficient travel funds, for these subcommittee members. withint their own budgets.
